

### Value Added Services

Plastic Supply now offers computer aided design (CAD) services in addition to our cut-to-size, custom CNC fabrication and delivery services. Once your design is complete, we are happy to fabricate and ship parts per your exacting specifications.

### CAD Drafting Services

- Economical value at \$35 / hour for basic prints
- Inquire about discounted (or free) drafting services in conjunction with material or fabrication orders over \$250
- Streamlines the process of quoting and fabricating
- Improves communication between you and our production team
- Engineering and design services available upon request

### CNC Fabrication Capabilities

- CNC routing (up to 5' x 12')
- CNC milling
- CNC turning
- R & D and prototyping
- Light parts assembly

### Materials

- UHMW, HDPE and Polypropylene
- Nylon and Acetal (Delrin)
- Acrylic (Plexiglas)
- Polycarbonate (Lexan)
- Light metals and more...
