

Ultra Non-Skid[®] Sheet

- *Safeguards pedestrian and vehicular slip hazard areas*
- *Originally developed for the US Navy*
- *Virtually maintenance-free*
- *Will not rot, corrode, split, crack or peel*
- *Installs easily using mechanical fasteners or adhesives on any substrate*
- *Not a paint or tape*

Originally developed for use in military applications, ULTRA NON-SKID[®] is like no other product when it comes to safeguarding pedestrian and vehicular slip hazard areas.

Available as a double sided 3/8" thick 48" x 60" sheet, ULTRA NON-SKID[®] can easily be cut to size, drilled and mechanically fastened or simply glued down. Some ULTRA NON-SKID[®] applications include covering marina gangways, transition plates, workboat decks, forklift inclines, drive paths, dock plates, stair treads and virtually any area requiring a maintenance-free anti-slip surface
